

PLEASE VOTE!

We have one of the most important decisions in our career coming up this month. The ballots for the International Executive Board election are to be sent out today for the International President and the only remaining Vice President of the UAW. That person that will run it all. Your committee is supporting Chuck Browning (a member from this Plant) for Vice President and Ray Curry for International President.

I have heard many comments like "we have to have change" or "Change vs no change". We have two people running for these positions that are the very change we are asking for. Both have been vetted not once but twice. They have both fixed issues since getting those positions. Neither was involved with the corruption that took place within the UAW. They have helped lead the UAW away from corruption. Together, Ray and Chuck have implemented a system of checks and balances to make sure corruption can no longer take place in our organization. They are the change we are all asking for.

There are many people that believe in Chuck but have reservations about Ray. If you truly believe in Chuck, then we must give him the tools he needs to do the job. Give him the very person that he is asking for that will support him and help him continue to do the amazing job he has done, with the integrity that is needed for true change.

Why are we voting for Ray Curry over Shawn Fain?

Shawn Fain was the Co-Director of the Chrysler NTC, the very place the corruption was exposed.

If Shawn Fain didn't know about it, he is oblivious, and we don't want him running the UAW. The odds are that if his boss, Norwell Jewell (who was convicted of taking millions in bribes for signing contracts that favored the company) was one of the guilty parties, he probably knew something about it.

Shawn Fain was a part of the National Negotiations for Chrysler, where they gave up COLA, reducing wages of new hires creating tiers, and was quoted as saying "It was hard to swallow the cuts, but we have to preserve jobs and the future". In 2011 he was also a part of National Negotiations where they agreed to a 4 year pay freeze and many other concessions.

Shawn Fain has even gone as low as insinuating that Ray was a part of the corruption. We have all seen the flyer with Shawn Fain's name on one side and Ray Curry's on the other....

Interesting quotes from Shawn Fain about himself:

"Fighting to end tiers, protect jobs, win COLA, pensions for all, and Raises for Retirees" (*Who isn't? This is a man who voted FOR the elimination of COLA and voted to institute Tier wage system*)

"Long Record of standing up to management" (*Chuck Browning and Ray Curry have done that!! Fain made excuses for the pay cuts, loss of Cola, etc.*)

"Will never take bribes or kickbacks" (*Does that even have to be said? Neither Ray nor Chuck have ever done that and never will*)

"Supported your right to vote in this election" (*He doesn't have a choice...we all support it now regardless of what we believed before*)

This election is of the utmost importance, don't be misled by false insinuations. We are asking for your support for Ray Curry and Chuck Browning. Their presence on the executive board is paramount to our success as a plant and as an organization. They will bring a balance to the executive board that every member will benefit from. Chuck has the experience dealing with Ford Motor Company and always puts his membership first. Support Chuck, Support Ray, and let's secure the future of FRAP and the UAW.
