

Open Letter to Daimler Truck/UAW Members

We, the below undersigned members of your UAW Daimler Truck Council implore you to cast your vote in the January International UAW Presidential race for Ray Curry. Since taking office in June of 2021, President Curry has given us Daimler Truck workers the attention we have been seeking. Ray has improved the Daimler Truck Council where we have an audience with him and his staff to discuss our industry's unique challenges and provide training and networking like never before. He has realigned the Heavy Truck Department's staff to better service us and bargaining, arbitrations, grievances, and lobbying efforts for new work. Ray's vision and resource commitment for Heavy Truck is what we have all been asking for. Let us not fall back but continue moving forward with President Ray Curry. He has shown he has our backs, now let's have his.

In Solidarity,

  
**KENNY DELLINGER** – Local 5286  
Gastonia Shop Chair/
