

To the members of UAW Region 1,

Member participation in the election process has always been one of the tenets of UAW Region 1.

Every UAW member has a Constitutional obligation to participate in the election process and to play an active roll when choosing who best represents the membership. Let's not forget our most recent success in the 2022 Michigan elections; we were able to take control of both the Michigan Senate and House of Representatives for the first time in nearly 40 years.

Brothers and Sisters our work is not done!

As you are aware, the UAW is in the middle of runoff elections for our International President and Vice President. With the onset of electric vehicles and many major national contract negotiations on the horizon, it has never been more important that we have the right people in place.

That's why I am asking you to support and vote for Ray Curry for International President and Chuck Browning for International Vice President.

Both individuals are unquestionably qualified and well versed in bargaining. Their extensive experience in bargaining across multiple sectors is essential for success in the impending negotiations. More importantly, President Curry and Vice President Browning do not need on the job training, considering they are currently doing the job right now. Their expertise and experience are extremely important to the negotiation process and moving the UAW forward. We need to make sure we have the right people in the right positions at this time to ensure the longevity and continued success of the UAW.

In Solidarity,

James E. Harris

Former UAW Region 1, Director
