

## TO ALL LOCAL 2069 MEMBERS

Today ballots are being mailed out to every UAW member. This ballot is for the run-off election for International President and (1) Vice President position. The first ballot you received you may have thought that this election doesn't pertain to me. As a dues paying member it has everything to do with you. Membership is the highest authority, and your dues pay for that ballot and mailing of the ballot.

President Ray Curry worked his way up the ranks from the assembly line at Freightliner to his current position as President. He is the first ever President from the Heavy Truck Sector! He knows the Heavy Truck Market. He has been instrumental in directing and leading the Heavy Truck dept in Detroit that we all fall under. Through his leadership and vision, he continues to show what true leadership is. He has helped lead the way also on getting corrupt leaders out of our union! He wasn't part of that corruption, he helped clear the corruption. Ray is a leader that listens to you and answers your call when you want to talk.

As leaders in your Local 2069, it is our responsibility and duty to inform you of whom is the best candidate to represent us in Detroit. Ray grew up down the road in North Carolina. He is from Region 8, he has never forgotten where he is from and never will. That is why when you fill out your ballot and mail it back, we ask that you vote for Ray Curry for President. Let your ballot be your voice!

Local 2069 Union President
