

Fellow members,

We, the below undersigned members of the UAW implore you to cast your vote in the January International UAW Presidential race for Ray Curry. Our International Executive Board may feel removed from everyday life, but this is not reality. Here are some key points to keep in mind when casting your vote by mail in the upcoming run-off election:

- 1) Even though we- at a local level- voted to exit the CBC, ultimately, it was Ray Curry's decision to exit the CBC. This shows the amount of confidence, and trust he has in our Union. This notion, along with his effort and devotion to the Aerospace sector reflect his leadership; especially being a contract year, this is the leadership that we need representing us.
- 2) Not only is Ray Curry our International President, but he his also the department-head of the Aerospace Department. Ray is closely tied to all UAW locals within the Aerospace Sector, but he will also be the leader we need during our upcoming contract negotiations.

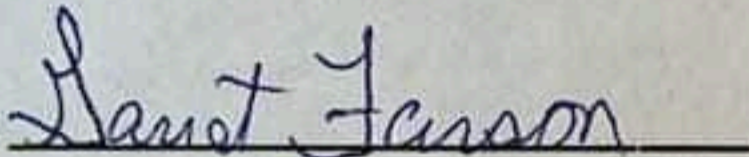

When you receive your ballot in the mail, please consider these key points when casting your vote!

In Solidarity,

Brian Strunk

UAW Local 647 President

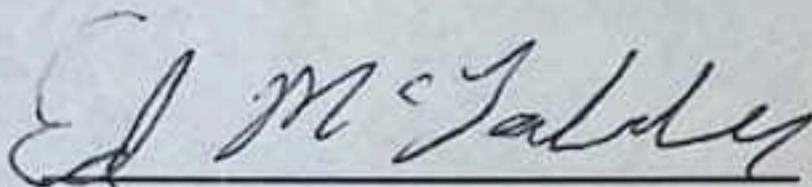

Garret Farson

UAW Local 647 Vice-President

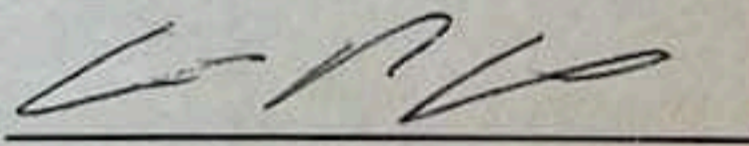

Adam Russelburg

UAW local 647 Recording Secretary

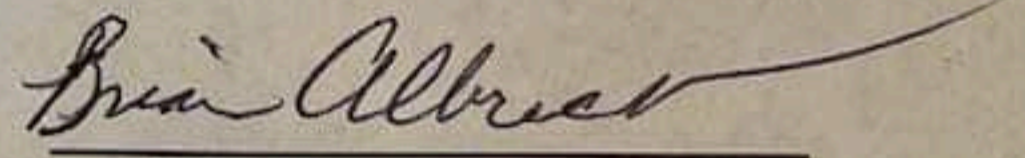

Ed McFadden
